

EASTMAN RECREATION GOLF TOURNAMENT RULES

1. USGA rules will apply.
2. Tees:
 - * Gold for men 62 - 74 years old
 - * Red for all women; men 75 and over; and all 14 and under
 - * White for everyone else.
3. Please put first and last names of each player on the score card. Sign and turn in the score cards to the Pro Shop.
4. Closest-to-the-pin and Long Drive holes will be determined for each particular course. Closest-to-the-pin must be on the green and Longest Drive must be in the fairway.
5. To speed up play, the ball may be lifted and placed by each player, within one club length of the original shot, no closer to the hole. (Do not change conditions)
6. Four-person **select-shot** means that all players will hit from the tee, then take the best shot, and all players will hit from that position. Proceed in this manner, even on the green. You will post only one score for each hole for the foursome. Four-person **best ball** means that each player will play the hole. Take the lowest score of the foursome to be the team score. Record all players' scores on the card and put the team score on the bottom line of the card.
7. For 4-day events, any two players can make up a foursome for as many times as wanted as long as they pay for each time they play.
8. Everyone entered is eligible for more than one prize, it is possible to win with more than one team, and also win individual awards on the long drive holes or closest-to-the-pin holes.
9. One player of the foursome must be an ERC golf club member. All players MUST be an amateur, no professionals allowed!
10. Make every effort to keep play moving at all times. Use a three-minute time limit on looking for lost balls. If there are any questions about the interpretation of a rule, a provisional ball should be played and a ruling be made by the Tournament Committee.
11. Out of bounds is marked by white stakes.
12. Scorecard playoff holes will be determined by a blind draw.
13. All putts must be holed out.
